

INTERVIEW MATERIAL CHECKLIST

Everything you need for your interview

Here is a master list of everything you should have prepared before going into an interview. The first list contains generic material you can use for any interview. The second list is what you should prepare for each position you interview for. Good luck!

Materials for all interviews:

- ☐ Personal Pitch
- ☐ List of 5-7 of your strengths
- ☐ List of 3-5 of your weaknesses
- ☐ What you like about software engineering
- ☐ How you keep up with current trends in advances in the field
- ☐ Where would you like to be in 5- 10 years
- ☐ Your ideal job
- ☐ Your ideal company
- ☐ Favorite Course or Lesson and why
- ☐ Favorite Language/Technology - Something you like/dislike
- ☐ 3-5 STAR Stories
- ☐ List of your technical projects & features

Materials you should have for a specific job:

- ☐ Notes from Job Description and Company Site
- ☐ Why you want to work for that company
- ☐ Notes on new technology
- ☐ List of Questions to ask
